§ 1426. Capital structure of Federal home loan banks

(a) Regulations

(1) Capital standards

Not later than 18 months after November 12, 1999, the Director shall issue regulations prescribing uniform capital standards applicable to each Federal home loan bank, which shall require each such bank to meet—

(A) the leverage requirement specified in paragraph (2); and

(B) the risk-based capital requirements, in accordance with paragraph (3).

(2) Leverage requirement

(A) In general

The leverage requirement shall require each Federal home loan bank to maintain a minimum amount of total capital based on the total assets of the bank and shall be 5 percent.

(B) Treatment of stock and retained earnings

In determining compliance with the minimum leverage ratio established under subparagraph (A), the paid-in value of the outstanding Class B stock and the amount of retained earnings shall be multiplied by 1.5, and such higher amounts shall be deemed to be capital for purposes of meeting the 5 percent minimum leverage ratio, except that a Federal home loan bank's total capital (determined without taking into account any such multiplier) shall not be less than 4 percent of the total assets of the bank.
